The new walk in front of Longwell's is a  
specimen of his handiwork.

been heretofore clappedboard with tin, has  
just been shingled with tar.

The Japanese wedding at the opera house  
on Wednesday evening is said to have been  
a very pretty entertainment.

A Justice of the Peace, of Marcellus, sent  
a tramp to the house of correction one year,  
for stealing a pair of old boots.

Two hundred and twelve feet was the dis-  
tance that an engine threw water while out

Chas. Hitchcock, has been engaged as prin-  
cipal of the Deatur Union School.

days on a visit. He is engaged in keeping a

The editor of the *Advance* is a queer fellow.  
He was *agreedly* surprised by a visit from a  
book agent. Wonders will never cease.

Mr. Allison Flummerfelt, an old resident  
of Mattawan, died at his home in that place,  
on the first of the present month, of blood  
poisoning.

But little business, except the allowance of  
claims presented, was transacted at the ses-  
sion of the village council, on the evening of  
Aug. 1st, inst.

Bold Miss Mercury has been throwing out  
signals to Mr. Jack Frost. Mr. Jack will  
soon catch her in his cold embrace if she is  
not more careful.

Too free use of tangle-leg caused a dis-  
turbance on Main street last Saturday eve-  
ning, which called for the interference of the  
peace officers of the village.

Our townsman Wm. Wiley has so far re-  
covered his health as to be able to walk around  
town. He has, however, recovered his power  
of speech, only to a limited extent.

Married, Aug. 1st, 1883, by A. H. Tuttle  
Esq., at the Richmond House, in the village  
of Hartford, Thos. J. Nicholls, of Paw Paw,  
and Minnie A. Coleman, of St. Joseph.

Mr. Denning has been "fixing up" the  
grounds at Lakewood. All parties are wel-  
come to the use of the same without money  
and without price, if they do not deface and  
destroy.

J. S. Tuckey, of Charleston, Ills., spent a  
couple of days in town this week, visiting  
friends and relatives. His son Eddie has  
gone to Mt. Pleasant to learn the hardware  
business.

A. H. Herron Esq. has struck it rich. He  
has accepted a professorship in the new Three  
Rivers seminary at a salary of \$1,200 per  
year. He intends to remove his family to  
that place.

Prater had on exhibition last Saturday, an  
elegant portrait of late Dr. Woodman. It  
looked so near like our late friend that it al-  
most seemed as if we ought to hear his well  
known voice.

Several Paw Paw boys were haled away to  
Hartford charged with being drunk and disor-  
derly. They plead not guilty, and the plea  
being true and susceptible of proof, the case  
was withdrawn.

The Disciple Sunday School have in con-  
templation an excursion to St. Joe. They  
extend an invitation to other schools in this  
village or elsewhere to unite with them and  
have a grand time.

Benton Harbor Good Templars complain  
bitterly because the saloon keepers of that  
burg kept open doors on the Fourth. Why  
don't they enforce the law? They can ac-  
complish more by words than by deeds.

Our village board and street commissioner  
are doing a good work on the streets by  
grading the same, and by putting down  
numerous, needed, new crosswalks. For a  
greenback institution, they are a decided  
success.

Through the courtesy of Henry Fralick  
Esq. we have received a complimentary tick-  
et to the 35th Annual Fair of the Michigan  
State Agricultural Society, to be held at De-  
troit from the 17th to the 21st day of Sept.,  
inclusive.

The *Free Press and Courier* ought to be  
able to pay expenses, as long as one of its  
publishers holds the office of Secretary of the  
Farmer's Mutual, and the other the Prin-  
cipalship of Oak Park Seminary, both at lib-  
eral salaries.

We have just added a lot of new material  
to our already well equipped office. We  
mean to keep fully up with the times, and be  
always ready to do all kinds of work in our  
line as promptly and as neatly as it can be  
done any where.

We call attention to the new advertisement  
of the shirt factory. Messrs. Cole & Stone  
are gentlemen with whom all will find it a  
pleasure to deal, and their new enterprise  
will prove no small addition to the business  
interests of our community.

Henry Sherwood, of Breedsville, has been  
appointed assistant postmaster of Washing-  
ton, D. C. Mr. Sherwood is well known to  
many of our citizens as a wounded veteran,  
and a deserving man. We are rejoiced to  
learn of his merited promotion.

Western parties are buying up calves from  
our farmers to ship west. In view of the  
present prices for cattle and their scarcity,  
as well as the abundant hay crop, it would be  
well for farmers to keep their young stock,  
and themselves reap the profit of their  
growth.

A year ago all the births in Porter were  
reported as illegitimate, and now a J. P. of  
Antwerp returns to the circuit court that a cer-  
tain man of the same town, in the same year,  
carnally lost two thirds of a crop of wheat  
after the same was harvested. Send mis-  
sionaries.

The other day we saw a gentleman and  
two ladies, one married and the other unmar-  
ried, cosily sitting very close together on the  
front steps of one of our business places.  
The husband of the married lady was *not*  
there. They requested us not to give them  
away and we are not going to.

Mr. Jordan's lecture on temperance, at the  
Christian church last Sunday evening was  
from the stand point of the political econo-  
mist. Although not abounding in oratorical  
flourishes, it was logical and convincing, and  
was interesting, in that it differed from the  
ordinary run of temperance addresses.

We have received from the Western Ad-  
vertising company, 161 Superior st., Chicago,  
a neat map of the U. S., which they are  
using as an advertising medium. They make  
them in three sizes, 22x28, 34x46, and 42x60,  
and sell them at from 15 to 75 cents each.  
Ed. Gilman keeps them at the grange store.

Some of the citizens of Decatur have pe-  
titioned Judge Mills for the disbarment of  
W. H. Tucker Esq., an attorney of that village,  
alleging that he collected a sum of money on  
subscription, and failed to pay it over. Mr.  
Tucker says he courts the fullest investiga-  
tion of the matter, and that he will be able  
to show that he has done nothing worthy of  
condemnation.

Farmers have finally got their hay and wheat  
secured, not, however, without considerable  
damage, and now they have time to come to  
town occasionally. On Saturday last, there  
were more people in this village than we have  
seen for some time. About the middle of  
the afternoon we counted 117 teams on Main  
and Kalamazoo streets.

Our correspondents will please remember  
that in order to have their items used they  
must reach us by Monday, at the very latest.  
Send along your items, and make them short,  
crisp, and newsworthy, and avoid hidden jests  
and innuendoes which are understood by  
none but those who are in the secret. Such  
things do not interest the public for whose  
benefit newspapers are made.

At the 4th district competitive examina-  
tion for the West Point cadetship, Charles J.  
Lockmead, of Sturgis won the prize. Mr.  
Lockmead has been a student at Oak Orchard  
Military Academy, which gave him some-  
what the advantage of his competitors. He  
will attend the Michigan University until he  
is required to present himself at West Point,  
in 1884.

Oak Park Seminary will be reorganized  
and remain at this place, although Miss Bar-  
ker will open her school at Three Rivers as  
advertised. Prof. Jordan, of the *Courier*  
has been selected as principal of the institu-  
tion at a salary of \$1,000. He will withdraw  
from his editorial connection with the paper,  
although retaining his interest therein as one  
of the publishers.

Several of our exchanges are complaining  
bitterly about the petty fraud practiced by  
fruit growers using quart boxes with the bot-  
toms too near the tops. This will not apply  
to all fruit growers. We had the curiosity to  
measure one of Mr. L. Martin's quart cherry

boxes and found it contained a little over 70  
cubic inches of space, or about three cubic  
inches more than a full quart. All fruit men  
are not dishonest.

The "Narrow Gauge" will run excursion  
trains to the Free Methodist camp meeting,  
next Sunday, leaving Lawton at 8:30 a. m.,  
Paw Paw at 9 a. m., Hartford at 10 a. m., and  
Lawrence at 10:30 a. m. Returning, trains  
will leave Allen's crossing for Hartford at 5  
p. m., and for Lawton at 6 p. m. Fare for  
the round trip from Lawton 50 cts., from  
Paw Paw 40 cts., from Hartford 40 cts., from  
Lawrence 15 cts. The camp grounds are  
about half a mile south of Allen's crossing.

The first examination of teachers for the  
current year will be held at Lawrence on the  
last day of the teachers institute, Aug. 31st.  
The board will examine only for 3d grade  
certificates at all examinations except the  
two held in Paw Paw. Those two will be  
held for two days each, and examinations  
will be for all grades. All applicants for cer-  
tificates who furnish the Secretary with an  
addressed, stamped envelope, will receive a  
copy of their standing whether successful or  
not.

After setting the poles for the telephone  
line along the railroad from Lawton to this  
place, the company concluded they had rather  
have the line run along the highway, and so  
took down the poles they had already  
placed and reset them by the road side.  
They have continued their pole setting to  
Decatur, and it is expected, that in a very  
few days the wires will be strung, and those  
who desire can "Hello" to their hearts con-  
tent as long as they choose to pay for the  
privilege.

In its last issue, the *Decatur Republican*  
credits the Bloomington *Leader* with an  
item concerning the prospective apple crop,  
which the latter sheet copied from the *Noa-*  
*thenes* of the week before without saying  
anything about it. We are pleased to have  
our brethren use anything found in our col-  
umns, if they wish, but we prefer to have  
them acknowledge the fact. Bob, being a  
thorough newspaper man, was courteous  
enough to give credit where he thought it  
properly belonged.

Considerable trouble has arisen in refer-  
ence to the school boards of many of the  
graded schools in this state which hold their  
annual meetings in July, instead of Septem-  
ber, by reason of their having chosen two  
trustees, whereas under the amended law  
they should have elected but one, as such  
boards have but five members, instead of six as  
formerly. The Sept. of Pub. Inst. and the  
Atty Gen'l have given their opinions, which  
seem to be correct, that in all such cases the  
first member elected is the one who should  
hold the position, and that the election of the  
second man is void.

A tent of Knights of Maccabees was or-  
ganized here on Thursday evening of last  
week. Quite a number of the "boys," joined  
the institution. They express themselves as  
highly pleased and say they have "heaps of  
fun." Each member is insured to the  
amount of one thousand dollars. There  
were nineteen charter members. The fol-  
lowing are the officers elected: M. U. Richard-  
son, P. Comm; O. N. Hilton, Com.; C. E.  
Avery, Lect. Com.; Geo. E. Black, R. K.; J.  
C. McLean, F. K.; Rev. W. C. Barnes, P.; Dr.  
A. J. Scott, Physician; F. S. Millington, Sergt;  
G. E. Gilman, M. at A.; J. J. Carroll, 1st M.  
of G.; A. J. Higgins, 2nd M. of G.; F. Mac-  
kellar, S. A. W. Showerman, Picket.

intoxication. Sentenced to jail ten days.

Before Justice Warner.—Joseph Hanson  
and Joseph Davey; intoxication. Fined \$10  
and costs, each.

Before Justice Mortimer, of Hartford.—  
A. N. Brown, of South Haven; intoxication.  
Fined \$10 and costs.

### Struck by Lightning.

The following from Mrs. Geo. M. Harrison  
illustrates the benefits of electrical treatment  
in her case, at least.

In behalf of electricity I would like to say  
a word. Three or four Saturday evenings  
ago, if you remember, we had the hardest  
storm of the season. The air for three hours  
was full of electricity. At or about eight  
o'clock p. m. we had a severe shock of light-  
ning. Every one felt it more or less. By some  
it was supposed that the lightning exploded in  
the air, by others, that it struck a tree belong-  
ing to Mrs. Chas. Matthews. I was very much  
shocked. I was sitting three feet from cur-  
tained windows. It seemed to strike me in  
the small of the back. I shall never forget  
my experience that night. For some time  
I had suffered with my spine, and for three  
days previous to the storm my lower limbs  
were numb and cold and when I walked I  
trembled. I felt a paralytic stroke was only  
a matter of time; but the moment I was  
shocked the numbness left me instantly.  
My spine has been better, and since I have  
not taken one spoonful of medicine. Before I  
was so nervous I did not dare to be without  
my medicine. Of course I am not cured, but  
ever so much better, so you see "it is an ill  
wind that blows nobody any good."

Jurors are required to be in attendance on  
the tenth day of September, at ten o'clock  
a. m.  
Wheat is being threshed quite rapidly  
hereabouts, and while the reports are too  
conflicting for an accurate summary the gen-  
eral yield is better than was expected, but the  
quality is poor, nearly all of it being badly
